Definition of Honors Option
Honors Option is designed to allow an Honors College student in good standing (3.30 cumulative GPA or better) to earn Honors credit for any undergraduate class at the 2000-level or above. The course and additional Honors coursework must be taught by a faculty member (Assistant Professor, Associate Professor, Professor, Senior Lecturer or Lecturer as listed in the WSU Directories on www.wayne.edu). Part-time faculty may oversee an Honors Option with the co-signature of the Department Chair on the form.

Additional Honors Coursework
The additional assignment or project must be documented with the attached form and supporting materials by the due date on the form. The Honors coursework should be separate from the regular class assignments and should not be factored into the final grade for the course. No extra credit is assessed or earned. **It is important that the Honors student be able to articulate the additional work required and how that coursework enhances the class above and beyond the requirements in the course syllabus.**

Examples of previously approved Honors coursework includes:

- Significant (10% or more) additional homework problems related to the class material
- 10-page research paper
- Additional reading material with a paper or paper plus oral presentation
- Creative projects such as additional music composition or art piece

Submitting the Proposal
It is the student’s responsibility to ensure that the Honors Option proposal is complete and has been submitted on time. Every Honors Option proposal will be reviewed. Students will be sent feedback to their WSU e-mail address and be allowed one revision, if required. Incomplete proposals will be considered null and void.

Earning Honors Credit
At the end of the semester, the instructor will be contacted via WSU e-mail and asked to provide an evaluation including the following information:

- Student’s name
- WSU ID or AccessID
- Overall grade for the course
- Grade on Honors Option work

The evaluation is due to honors@wayne.edu within 72 hours after the last final examination day. Multiple students may be included in the same e-mail. Students must complete both the class and the Honors Option coursework with a B (3.00) or better in order to earn Honors Credit. The notation “Honors Option” will be added to the student’s transcript - usually within the three weeks of the following semester.

Tips for proposing an Honors Option project:

1. **CHECK THE TITLE OF YOUR FACULTY.** In order to check the “Title” of your faculty to see if they are full time or part time please use the following steps.
   a. Go to www.wayne.edu
   b. Use the search tool and enter in the name of the Professor in question and click the ‘people’ option
   c. Click on the name of the Professor in the list of names that generates
   d. The ‘Title’ of the faculty is what you need to see.
      i. If the ‘Title’ matches any of the categories listed on the Honors Option form, then they are considered a full-time faculty and you would check the corresponding box
      ii. If the “Title” states PT UTF, then they are a part-time faculty and you would need to get the co-signature of the department chair before you submit your forms
      iii. If the ‘Title’ states Graduate Teaching Assistant or Graduate Research Assistant, then this professor is not eligible to participate in the Honors Option process and you would not be able to use this class for Honors Option credit.

2. Make sure that the project is directly linked to the learning outcomes of the course being used. Make sure to state this connection clearly in your proposal.

3. Be specific in your proposal about the academic component of your project. If you are writing a paper, please state how many pages it is going to be. If you are doing a presentation, please state what it is on, who it is for, how long it is going to be, and whether there’s a required format.

4. Getting all of the details set with your professor can take some time, so start this conversation at the beginning of the semester so that you can turn in your paperwork by the due date.

5. If you or your professor has any questions, please have them contact honors@wayne.edu and an Honors Academic Advisor will be able to assist.
