Bridges, Tunnels, and Transportation
-
Applied Mechanics

Ali Abolmaali is the new dean of the College of Engineering at WSU. Previously, he served as chair of the Civil Engineering Department at the University of Texas at Arlington (UTA) for 10 years. He is also an endowed Professor in Structural Engineering and Applied Mechanics, the founding director of UTA Center for Structural Engineering Research, and the professor in charge of the Structural Simulation Laboratory at UTA. As a principal investigator, he has secured more than \$38 million in development and research funds.

Lunch is provided for all attendees from Beyond Juice and Eatery.

Date: November 17, 2022
Time: 12:00 PM - 1:00 PM
2100 Undergraduate Library
