HON 3000 Field Learning: Independent Internship/Co-Op/Practicum

An internship, co-op, or practicum can be a valuable experience. The Honors College encourages students to secure experiences/positions related to their field. When a student has an independent internship/co-op/practicum, there are two ways to seek Honors credit and meet the HON 3000 Field Learning Requirement. First, a student may link the experience to a current course. The course must be one wherein the course outcomes relate to the experience. Students will use this form to request Honors credit for the course and for the position to meet the Field Learning Requirement. Secondly, when students are unable to link the position to a current course, they may seek Honors Directed Study (HON 4990) to meet the Field Learning Requirement. In these instances, students identify a faculty member to oversee the position.

Use this Proposal form to propose your Independent Internship/Co-Op/Practicum. Please note students must complete at least 25 hours, as well as a reflective assignment connecting the work to the academic content of the currently enrolled class. The student is responsible for coordinating all the criteria for a co-op/internship/practicum class and the additional Honors assignment to fulfill the Field Learning requirement. If the course is not paired with a current class, the student is also responsible for securing an appropriate faculty member to oversee and assess the internship/co-op/practicum and provide grade information for the 1-credit HON 4990 for which the student would register.

When planning to complete Field Learning, be sure to register for HON 3000. This is not a seated course and is a zero (0) credit course for which students earn satisfactory (S) or unsatisfactory (U) grades. It is paired with an approved course in the same semester. Earning a B or better (3.00) in both the course and on the Honors assignment/project will result in an S (“Satisfactory”) for HON 3000. Regardless of whether the paired class is an Honors section or not, it will count as Honors credit towards the 28-credit University Honors requirement.

Tips for proposing an Independent Co-Op/Internship/Practicum project:

1. Make sure that the position and your function is stated clearly in your proposal.
2. Be specific in your proposal about the academic component of your project. If you are writing a paper, please state how many pages it is going to be. If you are doing a presentation, please state topic, intended audience, and length.
3. Getting all the details set with your professor can take time, so start a conversation at the beginning of the semester so that you can turn in your paperwork by the due date.
4. If you or your professor has any questions, please have them contact honors@wayne.edu and an Honors Academic Advisor will assist.

CHECK THE TITLE OF YOUR FACULTY. To check the **Title** of your faculty, to see if they are full-time or part-time, please use the following steps:

a. Go to www.wayne.edu  
b. Use the search tool and enter in the name of the Professor and click the **people** option  
c. Click on the name of the Professor in the list of names that generates

The **Title** of the faculty is what you need to see.

i. If the **Title** matches any of those below, then they are considered a full-time faculty  
   1. Professor, Associate Professor, Chair, Assistant Professor, Clinical Instructor, Director, Assistant Clinical Professor, or Associate Chair  
   ii. If the **Title** states PT UTF, then they are a part-time faculty, you must get the co-signature of the department chair before you submit your forms. Example: Adjunct Faculty  
   iii. If it states **Graduate Teaching Assistant** or **Graduate Research Assistant**, then this professor is not eligible to oversee the Co-Op, Internship, Practicum and you would not be able to use this class for the Field Learning requirement.

Ensure that the service is directly linked to the learning outcomes of the course being used. Make sure to state this connection clearly in your proposal.

Be specific about the academic/gradable component of your project. If you are writing a paper, state how many pages it is going to be. If you are doing a presentation, please state what it is on, who it is for, and how long it is going to be.

Getting all the details set with your professor can take time, so **start this conversation at the beginning of the semester**.

If you or your professor has any questions, please have them contact **honors@wayne.edu** and an Honors Academic Advisor will be able to assist.
